Subject: Submittal of recommended Regional Water Plan for public comment

Dear Director Barnes:

I am pleased to submit on behalf of the Middle Chattahoochee Water Planning Council ("Council") our recommended Regional Water Plan. With the assistance of the Georgia Environmental Protection Division ("EPD") and numerous stakeholders, our Council voted on April 13, 2011, to submit our recommended plan to EPD and release it for public comment.

Our recommended plan was prepared in accordance with the Memorandum of Agreement executed by our Council, EPD and the Department of Community Affairs, as well as the rules for Regional Water Planning, Chapter 391-3-32, and the regional planning guidance issued by EPD. Council members invested a considerable amount of time, effort, and energy in developing the recommended Regional Water Plan, and we look forward to reviewing and considering comments collected through the public comment process.

Our Council requests EPD and planning contractor support for at least one additional plan review committee meeting and one full council meeting to allow the Council to adequately consider comments and take final action on our Regional Water Plan later this year. Please do not hesitate to contact me if I can be of assistance during the remainder of the planning process.

Sincerely,

Matt Windom, Chairman  
Middle Chattahoochee Water Council
